

Vendor Management Survey

We are doing research into how modern companies handle vendor management and spend tracking. I'm not selling anything—I'm trying to understand where current tools make your job easier, and where they create friction. There are no right or wrong answers. I'm mostly looking for honest stories about your day-to-day workflow

1. To start, could you give me a 60-second summary of your role and the types of vendors your team manages?

We have many vendors in two different categories one is electronics and manufactures

2. What best describes your role?

- ☒ Internal: Procurement / Purchasing
- ☐ Internal: Legal / Compliance / IT Security
- ☐ Internal: Finance / Accounts Payable
- ☐ Internal: Project Owner / Business Requestor
- ☐ External: Vendor / Supplier / Service Provider

3. Which stage in the vendor process causes the most friction or delays?

- ☐ Document collection
- ☐ Legal & security checks
- ☒ Contract negotiation
- ☐ System setup & first payment

4. What is the main cause of these Vendor onboarding delays?

- ☒ Approvals stuck on one person
- ☐ Missing vendor paperwork
- ☐ Unclear process owner
- ☐ OpEmails/chats scatteredtion

5. How do vendors submit their paperwork (tax forms, insurance, security certificates) to you? What happens when a vendor forgets or uploads the wrong document?

There are many issues happen and finally it is delayed to get the payment in time

6. Have you ever had to approve a vendor manually or skip a system step because the official software was moving too slowly

- ☒ Yes
- ☐ No
- ☐ Option 3
